

APPENDIX F

Design Standards for Religious Institutions and Civic Uses

Materials:

1. All buildings shall be constructed of quality materials. These materials include:

- Brick (Plain)
- Horizontal Siding
- Wood Shingle
- Stone (Natural or Synthetic)
- Concrete-Based Stucco
- Glass
- Split-faced Block
- Prestige Brick
- Hardie Board

2. All trim materials shall be compatible with the primary structure. The primary structure shall be neutral in color. (i.e light grays, browns, beiges, whites or earth tones.) Vinyl trim/soffit will be allowed.

3. Exterior Building materials shall not include the following building materials:

- Smooth-faced Block (Gray, Stained or Painted)
- Standard Corrugated Metal Siding (Field-painted or Pre-finished)
- Brick (Painted)
- Wood Framed Glass
- Vinyl Siding

4. All exterior walls shall be required to incorporate the approved building materials on a minimum of 60% (total) of each wall.

5. Additionally, all exterior walls will be permitted to incorporate building materials that are not approved, except for those listed in item 3, on the remaining 40% of each wall.

Adopted 3/3/2008
