EXECUTIVE SUMMARY

In February of 2017, the Town of Mount Pleasant embarked on the process of producing a Comprehensive Plan. This Plan establishes action-oriented implementation strategies for achieving the vision and goals of the community, as discovered through community engagement.

PROCESS AND PLAN STRUCTURE

The Town Board of Commissioners appointed a Steering Committee to oversee the Comprehensive Plan process. The Steering Committee began work on the plan in February 2017, and the general planning process included:

- Background Phase: February-March
- Public Input Phase: April-May
- Plan Draft Phase: June-September
- Plan Review Phase: October-November
- Plan Adoption Phase: November-December

The Comprehensive Plan includes a vision statement that takes into account both existing conditions and the desires of the community as expressed in the public input process. The vision statement is accompanied by six goals including Community Character, Economic Development, Land Use & Growth Management, Downtown, Parks & Recreation, and Infrastructure & Services. Each goal is accompanied by several strategies for implementation with visual representations of how strategies may be achieved. A matrix is also provided to assist the Town with implementation and annual budget planning.

VISION

The vision established in the Comprehensive Plan is an expression of the desired future of the Town of Mount Pleasant. The vision is based on public input and the guidance of the Steering Committee. The recommendations in this plan are intended to guide the Town toward achieving this vision, over both short-term and long-term time frames.
